

-- Dual eSATA II Adapter --

-- Double speed, Complete data backup

Improving efficiency, eSATA II gets everything --

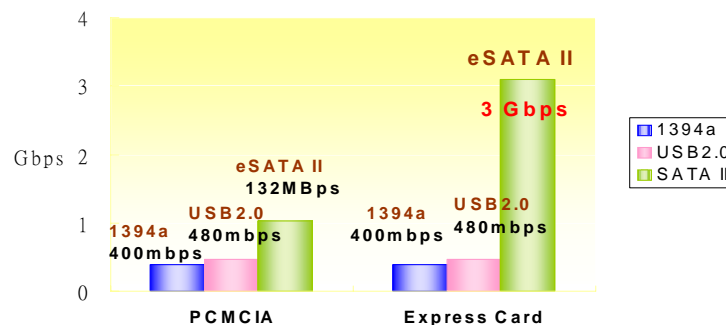

We live in an era when speed is everything. Users ask for the higher transmission speed of Notebook accessory more and more.

Therefore, APIOTEK announced their new product: APIOTEK Dual eSATA II Adapter.

APIOTEK Dual eSATA II Adapter also adopts the latest Express Card interface. The speed of Dual eSATA II Adapter can up to 3Gbps. It is 6.4 times more than the speed of USB 2.0 and 7.7 times more than the speed of 1394a. Besides, the speed of eSATA II with Express Card is also 2.4 times more than the speed of eSATA II with PCMCIA interface. It shows that PCMCIA is inferior to Express Card.

Figure 1

In figure 1, Express Card interface makes the speed of 1394a reach to 400mbps, USB 2.0 reach to 480 mbps, and eSATA II reach to 3Gbps. The speed of eSATA II with Express Card interface is also 2.4 times more than the speed of eSATA II with PCMCIA interface.

APIOTEK Dual eSATA II Adapter has dual SATA II slots, and supports RAID 0 and RAID 1 functions. Among them, RAID 0 makes the transfer rate increase by twice. RAID 1 can write the data on two hard disks at the same time, and one of them is complete backup. So as the trouble of one hard disk, the data will not be lost. They are safe and reliable.

APIOTEK Dual eSATA II Adapter supports NCQ(Native Command Queuing) which can increase performance of SATA hard disks by allowing the individual hard disk to receive more than one I/O request at a time and decide which to complete first. Besides, it provides some function like PIO、DMA and Hot-plug, and improves working efficiency。

APIOTEK Dual eSATA II Adapter can supports PC and Mac completely. With stylish design and light weight, you can carry it everywhere easily. It is the best choice for top consumers with new-type Notebook.

APIOTEK also provides several kinds of Notebook accessory products, like USB card readers, Shock-proof notebook cases and inner bags. For more information about APIOTEK, please visit its official website at: <http://www.apiotek.com/>

About APIOTEK

APIOTEK Co., Ltd., established in 1986. In 2006, APIOTEK creates the 3C accessory department. The business items of 3C accessory dept. includes Notebook accessory, PC accessory, Mobile Phone accessory and Game Station accessory ... etc.

APIOTEK is devoted to devise and design professional 3C accessory products. It also provides special products and service with "Creativity, Design and Quality" and hopes to be an excellent company with high brand value.
